

## SCUBA TEXT SETUP

We've just setup a new text service for our dive club using ScubaText. It allows everyone who's opted-in to send and receive text messages to everyone else!

You only need to send 1 message from your phone or the via the website and everyone will receive it for FREE!

This is perfect for notifying club members of last-minute changes of plans or sharing any news.

To join our club, visit [www.scubatext.co.uk](http://www.scubatext.co.uk) or simply text SUBSCRIBE SCSSAC to 07797801661 via your mobile phone.

For more information on ScubaText, visit [www.scubatext.co.uk](http://www.scubatext.co.uk)

The club can be found by clicking find a club, select 'South' from Region, and browse the list to find our club. (Salisbury Civil Service Sub Aqua Club)

It a free service. Fantastic for organising diving and other events, especially useful if your out and about and not on line

SCSSAC is the prefix of any message you send FROM YOUR MOBILE to reach the scuba text club members.
